

STATEMENT FOR KOSHER COMPLIANCE – STATUS 08.1.2025

RELEVANT INFORMATION TO KOSHER FORBIDDEN SUBSTANCES

V1.5

**Vocafil, Vocafil-FC and Vocafil-FD are based on synthetic chemicals.
Not for use as a food additive.**

During the production process of **Vocafil, Vocafil-FC** and **Vocafil-FD** we do not intentionally add or use substances, components or raw materials contained in or derived from:

- Human or animals (especially no pork),
- dairy or wine, grain or pulse,
- Genetically modified organisms (GMO) and
- Ethanol (CAS# 64-17-5) derived from fermentation (alcoholic beverages or any other materials derived from brewery).

Vocafil, Vocafil-FC and Vocafil-FD have not come into direct contact with ingredients of animal origin or ethyl alcohol during the production, storage and transport. The processing equipment is not used for products of one of the following origins: animal, marine, dairy or wine, grain or pulse.

The information given above is based on and represents our current compositional knowledge (based on the knowledge of the production process, supplier information for raw materials and analytical data where applicable).

Please note that Arichemie GmbH does not analyse whether the mentioned substances are contained, because the content of such substances is not part of our product specification or formulation.

We use raw materials of technical purity, therefore negligible amounts on the level of natural / technical impurities cannot be excluded.

In case of provided values these are considered to be typical concentrations and are not part of the product specification.

All provided information is based on our present knowledge and experience and is true and complete to the best of our knowledge and belief. However, no warranty, whether expressed or implied, or guarantee of product properties in the legal sense is intended or implied.
